

## Healthcare Disposal Solutions

In highly regulated industries like healthcare and pharmaceuticals, compliance is key.

We have the experience, regulatory expertise and industry partnerships to ensure every waste stream is safely managed and fully aligned with all standards.

- Fully licensed, pharmaceutical reverse distribution and mail-back services backed by strong industry and regulatory partnerships
- Federally-compliant envelopes, boxes, liners, kiosks and other mail-back and collection equipment, vessels and vehicles
- Monitored, end-to-end handling, witnessed and recorded disposal and certified destruction options
- Discreet and reliable service, including transparent profiling, service tracking, reporting and insights and a customer portal
- Turnkey, ecofriendly disposal that is compliant with all local, state and federal policies and generates carbon-negative energy

### Benefits

Ensure your pharmaceutical and medical waste—such as prescriptions, narcotics, cannabis, precursor chemicals, bio-hazardous waste, chemotherapeutic waste and more—are securely destroyed and documented, offering:

**Compliance** – Waste is thoughtfully and thoroughly managed and documented in accordance with all local, state and federal regulations and internal auditing requirements, preventing violations that impede strategies, halt operations and revoke licensing

**Safety** – Waste carefully and completely destroyed, diverting hazards that harm ecosystems, threaten communities and negatively impact plant, animal and human health

**Assurance** – Waste is diligently and discreetly rendered unrecoverable, mitigating liabilities that compromise privacy, expose intellectual property and impact brand reputation
